Describe work to be completed:			

IV. PLAN REVIEW REQUIRED

Plans must be submitted with this application and the appropriate fee before a permit can be issued, except as listed below. Plans are not required for the following:

- When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area. If work being performed is described above, check box below **"Plans Not Required."**

What is the rating of the service or feeder in ampere? _____
What is the building size in square footage? _____

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature.

Plans Not Required

V. LICENSING REQUIREMENT

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523a, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or residential structure. Violators of Section 23a are subjected to civil fines.

VI. HOMEOWNER AFFIDAVIT

I hereby certify the work described on this permit application shall be completed **by myself in my own home** in which I am living or about to occupy. All work shall be completed and/or installed in accordance with the State Building Code and **shall not be** put into use until it has been **inspected** and **approved** by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspections.

VII. APPLICANT SIGNATURE

Signature of Licensed Contractor or Homeowner (Homeowner signature indicates compliance with the Homeowner Affidavit – include copy of state approved photo id).	Date
--	------
