Location _____ Date: _____

As the bona fide owner of the above mentioned property which is a single residence, and which is, or will be on completion, my place of residence for no less than (6) months, and no part of which is used for rental or commercial purposes, I hereby make application for an owner’s permit to complete the work as listed on the permit application.

I certify that I am familiar with the provisions of the applicable Ordinance and the codes governing the type of installation and hereby agree to make installation in conformance with same.

In making the application, I acknowledge I am assuming the responsibility of a licensed contractor for the installation of the work mentioned in the permit application and for putting the equipment in operation. I further agree that I shall neither hire nor subcontract with any other person for the purpose of installing any portion of the equipment at the above premises, without obtaining a new permit.

I agree to notify the Building Inspection Department after the installation is completed so that the Department may make its required inspections. I further agree to keep all parts of the installation exposed until the installation is accepted as being in compliance with ordinance requirements.

I further agree to correct within (10) days, any violations on the work installed and to provide access to the premises, Monday through Friday for the necessary inspections. Failure to correct violations or to provide access to the work will subject the permit to cancellation, in which case a licensed contractor must be employed to complete the work under a new permit.
