Local School District

Operating Millage Restoration Proposal

Bloomfield Hills Schools
County of Oakland
State of Michigan

This proposal would restore and increase the limitation on the amount of taxes which may be levied by the Bloomfield Hills Schools for general operating purposes by 2.00 mills on all property, except principal residence and other property exempt by law. This authority, if approved and combined with the School District's other unexpired authorization, would allow the School District to continue to levy the statutory limit of 18.00 mills on all property, except principal residence and other property exempt by law, in the event of future Headlee rollbacks.

Shall the limitation on the amount of taxes which may be imposed on all property, except principal residence and other property exempt by law, in the Bloomfield Hills Schools, County of Oakland, State of Michigan, be increased by 2 mills (\$2.00 on each \$1,000 of taxable value) for three (3) years, the years 2023 to 2025, inclusive, to provide funds for operating expenses? This millage would raise an estimated \$256,138 for the School District in the first year that it is levied.
